

```
/Users/nicolasmaltisotto/PyCharmMiscProject/.venv/bin/python /Users/nicolasmaltisotto/PyCharmMiscProject/branching.py
```

```
Enter the rain value followed by the wind value:
```

```
0.2 25
```

```
The rain value 0.2
```

```
The wind value 25.0
```

```
1.0 35
```

```
The rain is 1.0
```

```
The wind is 35.0
```

```
4.5 45
```

```
The rain is 4.5
```

```
The wind is 45.0
```

```
-1.0
```

```
The average rain is 2.5 inches
```

```
The average wind is 37.5 mph
```

```
The weather severity for these 4 readings is:      63.0
```

```
Process finished with exit code 0
